

REFORM THE SCHOOL FUNDING SYSTEM

2

www.philipoc.com/schoolfunding

Australian children go to:

- (1) State-run schools 68%
- (2) Catholic schools 20%
- (3) Independent schools 12%.

Each sector of schools has

- (1) rich children
- (2) average children
- (3) poor children.

Most families earning less than \$500/wk use state schools.

And most families earning over \$1500/wk also use state schools.
